John et al,

Mindy attached the delayed implementation paper twice. Here is the table for that option that we will do as voice consent. I'm also reattaching the tribal papers that we've already gone over with you. We will not cover them during the pre-brief this week, but attaching here so that you have them all in recent emails. 😊

I have finalized the retained waters papers which Mindy will send on and am working to modify the mitigation papers per discussions Brian and Russ had with Army on Thursday.

Mindy et al, the retained papers are on the sharepoint in the folder for John's prebrief.

Hi John,

I will be sending you materials for Monday in pieces. You will find attached the draft agenda for the options selection meeting which shows which issues we will be discussing vs. those issues that will just do quick vote. Also, I'm attaching the ESA-related papers – the table and then issues papers discussing the situation where we consult vs. we do not consult. Also attached is the table and issue paper on delayed implementation.

Later, you will see adjacent wetlands and mitigation. We have gone through the tribal papers already, so I'm not attaching here.

Thanks,
Mindy
